Section 2—Severe Weather and School Cancellations

The Superintendent of Schools is authorized by the Board of Education to close public schools in case of severe weather. Representatives of the Superintendent’s staff will notify local news media when inclement weather warrants such action. The information is broadcast regularly by radio and television stations. Any school day that is canceled may be made up as the calendar allows.

Decision to Close Schools: A decision to close school is made when forecasts by the weather service and civil defense officials indicate that it would be unwise for students to go to school. If a storm or other emergency makes it necessary to close school, it will be announced on KRVN radio in Lexington, KX104 radio in North Platte, KELN radio in North Platte, KNOP-TV Channel 2 in North Platte, and NTV Channel 6 in Kearney, School Reach (e-mail, text and phone). School Reach information is taken directly off of information received by parents and guardians upon registration. Updated information is the responsibility of parents/guardians.

After School Starts: Every attempt will be made to avoid closing school once classes are in session. In some instances, closing school during the day is inevitable if children are to safely return home before the brunt of a major storm hits. In these cases, as much advance notice as possible will be given to parents. If school is closed during the day, the notice will be broadcast by the media, and **parents/legal guardians should have a plan in place to accommodate these circumstances.**

Parental Decisions: Parents may decide to keep their children at home in inclement weather because of personal circumstances. Students absent because of severe weather when school is in session will be marked absent. The absence will be treated like any other absence for legitimate causes provided parents properly notify the school of their decision. Parents may pick up their children in inclement weather at any time during the school day. Students will not normally be dismissed from school during severe weather on the basis of a telephone request.

What To Do. Brady Public School is designated as a tornado shelter by the Village of Brady: School officials are not permitted to release students from the school building during a tornado warning. Tornado safety procedures are practiced regularly by students and staff members. Also, parents/legal guardians are urged not to call radio and television stations and school buildings during severe weather. Every effort will be made to provide accurate and timely information through the media.

Emergency Conditions: Brady Public School has a signal which, when activated, includes the necessity to move to safer areas of the building. All regular drills are held as required by state law through the school year. There are plans for an Emergency Exit system, Tornado Warnings, and a Critical Incident Response. Brady Public School is one of the village's approved tornado shelters, and the school has made plans to accommodate community residents during a tornado warning.

Section 3—Closed Campus

All students are required to remain on campus during the school day. Automobiles are off-limits during the school day unless the student has specific permission from the administration. Students are not to sit in cars during the lunch hour.

Article 3—Use of Building and Grounds

Section 1—Entering and Leaving the Building

Beginning of School Day: On a regular school day, the school doors will remain locked until 7:45 am. Students should not be on school grounds prior to 7:45 am (except for a special purpose such as a morning activity, detention, a field trip, or a meeting with an instructor or administrator). Students may enter through the south “office” doors to the building (on Popleton Street) or enter the building through the “commons doors” (east side of the building) at the start of the day. Traffic in this lot should proceed in a counterclockwise direction for both drop-offs in the morning, and for pick-up in the afternoon.

Breakfast: Breakfast will be served, each school-day, from 7:45 till 8:00 am, in the cafeteria. K-6 students who are not eating breakfast should remain in the gym from 7:40 until the first bell rings at 8:00 for supervised walk-time and opening. 7-12th students will remain in the commons until 8:00 and have breakfast from 8:47-8:57, 7-12 students not eating breakfast will be in the cafeteria. On regular school days, first-period class begins for all K-6 students at 8:05 am and all 7-12 grade students at 8:00 am.

During the School Day: During the school day the “commons doors” will be locked, and all teachers, parents, staff, students, and visitors should use the “south” office doors (on Popleton Street) to enter and exit the building. Students are expected to remain on campus unless excused in accordance with school policies. Unless participating in a school activity or field trip, students may only leave the building during the school day with a note or phone call from a parent/legal guardian. All students who leave the building as a result of a note or a phone call from parent/legal guardian must sign out in the office before leaving and sign back in (in the office) when they return. Visitors to the school will use the “south” office doors to access the building during regular school hours and are required to sign in and sign out of the building.

End of the School Day: The regular school day ends at 3:23 p.m (K-6) and 3:27 p.m (7-12). unless staying for a school activity, activity practice, or a meeting with an instructor or an administrator, all students should vacate the building at 3:30. Unless involved as a paid spectator at a school activity, participating in an activity as a member of a school team, or meeting with an instructor or administrator, the school, school grounds, playground, parking lot, and playing fields are off-limits to students after 3:30 pm.

Section 2—Visitors

During school hours, **all visitors** should enter through the south “office” entrance off of Popleton Street, **report directly to the school office**, and **sign in. Visitors also must check out at the school office when leaving the building.** If you wish to visit a teacher in their classroom, especially if they have students assigned to their room at the time of your visit, **notify the principal at least 24 hours in advance** and make an appointment. Visitations by parents or guardians should be kept to an hour and a half in length, and cleared 24 hours in advance with the Principal. Please postpone visits to the school until after the first three weeks and during testing at the end of the school year. We welcome you to visit and become actively involved in the happenings at Brady Public Schools.

For evening events & for activities after school hours, the south “office” entrance will be locked, and guests should enter through the east “commons doors” off the faculty parking lot. If the “faculty” (east parking lot is full, guests for evening activities may park in the “student” parking lot west of the football grandstand. There is a sidewalk around the east side of the

school, which leads to the “commons doors” for entrance. Lincoln County Sheriff’s Department has asked that fans not park along the sides of the North Brady Road when they are attending evening activities and sports events. The road is too narrow to have vehicles parked on both sides of the road and allow traffic to safely negotiate it. If both the “faculty” and “student” parking lots are full, fans may be required to park areas designated for parking or in the residential neighborhoods on Popleton, Market, Commercial, or other streets.

Section 3—Smoke/Tobacco-Free Environment

Brady Public School declares **all** our school buildings, school grounds, and vehicles to be smoke-free and tobacco-free. We would appreciate your help in meeting the goal of a smoke and tobacco-free environment for our children. When you attend school events, including athletic events, please remember that **our grounds are smoke-free and tobacco-free** and abide by our district’s policy. Punishments & consequences for Brady Public School students who use tobacco products or are in possession of tobacco products in school buildings, on school grounds, or in school vehicles are listed in Article 7 (Drugs, Alcohol, and Tobacco) section 2; Article 8 (Student Rights, Conduct, Rules and Regulations) section 2; and Article 9 (Extra-Curricular Activities: Rights, Conduct, Rules and Regulations) section 2.

Section 4—Care of School Property

1. Students are responsible for the proper care of all books, equipment, supplies, and furniture supplied by the school.
2. Students, who disfigure property, break windows, or do other damage to school property or equipment will be required to pay for the damage done or replace the item.
Fines are determined on books according to the following criteria:
Lost bookReplacement cost
Heavily damaged book.....Replacement cost
3. Computers, Laptops, Accessory Devices & Other Electronics
 - a. Students, who through their own “gross negligence” or irresponsibility cause major damage to school-owned computers & electronics, will be responsible up to the full cost of the damages. This will include all technology accessories. Damages will be assessed on a “case by case” basis.
4. School-issued items that are stolen or damaged from unlocked lockers are the responsibility of the student to whom they were issued.

Section 5—Lockers

Each student will be assigned a locker. Students must use their own lockers and are not to share lockers with other students except as assigned by school officials. We recommend that the locker is locked with a combination lock. Students may turn in an extra key to the office if they choose to use a key lock. Students are expected to keep all books, etc., in their assigned locker. Students are also responsible for the cleanliness inside their locker and the door of their locker. Students may be assessed a fine for damage to lockers.

Section 6—Searches of Lockers and Other Types of Searches

Student lockers, desks, computer equipment, and other such property are owned by the school.

The school exercises exclusive control over school property. Students should not expect privacy regarding usage of or items placed in or on school property, including student vehicles parked on school property, because school property is subject to search at any time by school officials. Periodic, random searches of lockers, desks, computers, and other such property may be conducted at the discretion of the administration. The following rules shall apply to searches of students and of a student’s personal property and to the seizure of items in a student’s possession or control:

1. School officials may conduct a search if there is a reasonable basis to believe that the search will uncover evidence of a crime or a school rule violation. The search must be conducted in a reasonable manner under the circumstances.
2. Illegal items or other items reasonably determined to be a threat to the safety of others or a threat to educational

purposes may be taken and kept by school officials. Any firearm or other weapon shall be confiscated and delivered to law enforcement officials as soon as practicable.

3. Items that have been or are reasonably expected to be used to disrupt or interfere with the educational process (that is, “nuisance items”) may be removed from student possession.

Section 7—Video Surveillance

The Board of Education has authorized the use of video cameras on School District property to ensure the health, welfare, and safety of all staff, students, and visitors to District property, and to safeguard District facilities and equipment. Video cameras may be used in locations as deemed appropriate by the Superintendent. Notice is hereby given that video surveillance may occur on District property. In the event a video surveillance recording captures a student or other building user violating school policies or rules or local, state or federal laws, the video surveillance recording may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Section 8—Cell Phones and Other Electronic Devices

Cell phones and other electronic devices may be used before school, after school, and during lunch. Usage in classrooms is up to the discretion of each individual teacher for instructional purposes only. Students need to be aware of their teacher's expectations regarding these electronic devices. Failure to comply with appropriate electronic device etiquette may result in disciplinary action. If a student is using a cell phone or electronic device in violation of school or classroom rules, the student will have the item confiscated and turned in to the Principal's Office. Confiscated cell phones and other electronic devices may be picked up at the end of the day by students at the Principal's Office. In the event of a second offense, the student's parent/legal guardian must retrieve the device at the end of the school day at the Principal's Office unless the object seized is dangerous, a piece of evidence in an investigation, contrary to law or school policy, or has been turned over to legal authorities. Cell phones or other electronic devices will be returned to the student or parent/legal guardian at the discretion of the administration. Failure to give the cell phone or other electronic device to a staff member upon request will be considered insubordination resulting in disciplinary action. Repeated infractions of the Brady School's cell phone or other electronic device guidelines will result in escalated consequences. These procedures may include, but are not limited to the following:

1. **1st offense:** The student loses possession of their cell phone or electronic device for the rest of the school day. They will receive the device at the end of that day.
2. **2nd offense:** Parents will be notified and the parents will retrieve the device at the end of the day.
3. **3rd offense:** Parents will be notified. The device will be checked in at the main office for the entire school day for one week (5 school days).
4. **4th offense:** Parents will be notified. A meeting will be scheduled with the student, parent/guardian and the administration to form a plan for the device usage moving forward.

In addition, earbuds/headphones will not be allowed. Earbuds/headphones may only be used before school, after school, and during lunch. Failure to comply with appropriate earbud/headphone usage etiquette may result in disciplinary action.

Section 9—Bicycles

Bicycles must be parked in the racks provided. All bicycles should be equipped with locks. The school is not responsible for damage or theft of parts while bicycles are on school property.

Section 10—Student Valuables

Students, not the school, are responsible for their personal property. Students are cautioned not to bring large amounts of money or items of value to the school. If it is necessary to bring valuable items or more money than is needed to pay for lunch, leave the money or valuables with a staff member in the school office for temporary and safe-keeping. Even then, the school is not in a position to guarantee that the student's property will not be subject to loss, theft, or damage.

Section 11—Lost and Found

Students who find lost articles are asked to take them to the office, where the articles can be claimed by the owner. If articles are lost at school, report that loss to office personnel. After Parent/Teacher Conferences all unclaimed articles will become the property of the school.

Section 12—Accidents

Any person who witnesses, or becomes aware of, an accident taking place in the school building, on the school grounds, on a school-owned vehicle, in a classroom, hallway, bathroom, playground, gymnasium, at a practice session, athletic competition, field trip, school activity or other school events must report the accident immediately to the chief administrator on duty in the school building. Supervisors of activities, practices, classes, or events are expected to file a written “accident report” in the office as soon as it can be safely done. Blank “Accident Report” forms are kept in the office and can be obtained from any office employee.

Section 13—Laboratory Safety Glasses

As required by law, approved safety glasses will be required of every student and teacher while participating in or observing vocational, technical, industrial technology, science, and art classes. All visitors to these areas must check out a pair of safety glasses when entering any of these areas.

Section 14—Insurance

Under Nebraska Law, the District may not use school funds to provide general student accident or athletic insurance. The District requires that all student participants in athletic programs have injury and accident insurance and encourages all students who are in classes with the risk of personal injury or accident to have insurance coverage. The district does not make recommendations, nor handle the premiums or claims for any insurance company, agent or carrier. Information about student insurance providers will be available in the school office or on school bulletin boards.

Section 15—Posters, Pamphlets, and Advertising Handouts

Bulletin boards and display cases are available for school-related and approved materials to be posted and displayed. Posters to be used in the halls or materials for distribution will need to be approved and stamped by the Principal’s office. Posters are not to be attached to any painted wall surfaces. Place posters on marble, glass, metal, brick and wood. The person or organization responsible for distributing the posters is responsible to see that all posters are removed within 48 hours after the event.

Section 16—Copyright and Fair Use Policy

It is the school’s policy to follow the Federal Copyright Law. Students are reminded that, when using school equipment and when completing course work, they also must follow the Federal Copyright Laws. The Federal Copyright Law governs the reproduction of works of authorship. Copyrighted works are protected regardless of the medium in which they are created or reproduced; thus, copyright extends to digital works and works transformed into a digital format. Copyrighted works are not limited to those that bear a copyright notice. The “fair use” doctrine allows limited reproduction of copyrighted works for educational and research purposes. The relevant portion of the copyright statute provides that the “fair use” of a copyrighted work, including reproduction “for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research” is not an infringement of copyright. The law lists the following factors as the ones to be evaluated in determining whether a particular use of a copyrighted work is a permitted “fair use,” rather than an infringement of the copyright: Although all of these factors will be considered, the last factor is the most important in determining whether a particular use is “fair.” Students should seek assistance from a faculty member if there are any questions regarding what may be copied.

Section 17—Dances

A school sponsored dance is a school activity subject to all provisions of the Student Activity Code, and is a privilege available to students meeting all requirements for participation. General Rules of Student Conduct at Dances. In addition to all rules of student conduct in the Student handbook, students attending dances shall adhere to the following rules of conduct:

1. Who Can Attend: Only students of Brady Public Schools and their guests may attend.
 - a. Students currently attending Brady High School or another Nebraska high school who have not been restricted from attending extracurricular activities at Brady High School or their own school are generally considered appropriate dates or invited guests.
 - b. Persons who are younger than 15 or older than 20 years of age and not attending high school are generally considered to not be appropriate dates or invited guests for our school dances.
 - c. Some school dances may be restricted to students attending specified grades levels at Brady Public Schools. For any dances at the middle school level, only students attending Brady Public Schools in the grade(s) for which the dance is being held may attend.
 - d. Students who have been suspended from school or from extracurricular activities may not attend.
 - e. The school reserves the right to exclude persons who may or do cause a disruption or detract from the event. Dates or invited guests not attending our school are expected to follow the same rules of conduct which apply to our students.
 - f. Rules for dances may restrict students and their guests from leaving the dance until the dance ends without written parental permission on a form provided.
 - g. Students or their guests who engage in inappropriate behavior, whether on or off of the dance floor, may be asked to leave.
2. Prohibited Substances: Alcoholic beverages, illegal drugs, and tobacco (including electronic nicotine delivery systems) are prohibited. Anyone using these or showing the effects of use will not be allowed admission or, if discovered after admission, be removed from the dance. Their parents may be contacted. Students and their dates may be required to submit to a breathalyzer prior to gaining entrance. Those who choose not to submit to a breathalyzer will not gain entrance. Law enforcement will be contacted if there is reasonable suspicion that the student or a student's date is under the influence of alcohol or drugs.
3. Appropriate Attire: Students and their guests must meet the dress code requirements established for each dance. Teachers or administrators will make the final decision as to whether or not a student's attire is appropriate. Students will be asked to change unacceptable items, which may mean that the student may have to return home to change the inappropriate clothing. It is advisable to check in advance of the dance with the Principal or staff sponsor for the event if you are uncertain about your attire.

Policy No. 5305

Article 4—Attendance

Section 1—Attendance Policy

The Nebraska State School Law requires children ages 5 to 18 to attend school. Any child that has reached the age of 5 years old on or before July 31st of the calendar year in the school year for which the child is seeking admission begins shall be admitted into Kindergarten. Regular and punctual student attendance is required. The Board's policies require such attendance, the administration is responsible for developing further attendance rules and regulations, and students and parents/legal guardians are responsible for developing behaviors, which will result in regular and punctual student attendance. The district strongly encourages parents to arrange health-related appointments and other "flexible" appointments for their children after school hours or on non-school days.

Section 2—Absences and Tardies

1. All absences and tardies will be recorded daily regardless of the reasons. Parents/legal guardians must report all absences. There is no specific designation of excused or unexcused. All absences for a child must be reported to the Principal's Office on or before the day they occur by the parent/legal guardian by 8:30 a.m. This report may be verbal

(by telephone or in-person) or written (hard copy, FAX, or email). For medical absences, the parent/legal guardian should supply the Principal's Office with written verification from a doctor for each absence.

2. The instructional day begins at 8:00 a.m. (8:05 am for K-6) Students need to report to their 1st period of classrooms or assigned area no later than 8:00 a.m. Any student who arrives after the start of the school day will be considered tardy. All absences and tardies will be recorded each period of the school day. Period attendance is carefully monitored and scrutinized by the Principal's Office for the purpose of ensuring consistent attendance. The Principal may assign detention to students who are perpetually tardy to class, for the purpose of making up missed time.
3. Notice will be sent home as defined in the excessive absenteeism/truancy section so parents may comply with the district and state attendance requirements. Brady Public School staff will work in partnership with parents/legal guardians to promote consistent student attendance to ensure student learning.

Graduation Credits for 9-12 Students:

1. Any high school student who accumulates more than five days of absence in any one quarter will receive a letter informing their family that the child may lose graduation credits.
2. For each day above ten days absent in one semester that a 9-12 grade student misses in a required course for graduation, the student will be required to make up the extra hours, outside of the normal school day, working on subject matter material assigned by the instructor of the class they missed. The schedule for making up the hours will be assigned through the school principal. For any course that a student does not make up the hours missed above ten in a semester, the student will lose one credit toward graduation for each five-hours missed.
3. For purposes of making up hours missed above the limit of ten per semester; each "tardy" that is recorded by a teacher for a student in their class will count as one-third of an absence. One absence will be recorded for that class for each three tardies that a student accumulates.
4. It is up to teacher's discretion to allow credit for late assignments points taken away may not exceed:
 - One day late = 70%
 - Two days late = 50%
 - Three days late = 0%
5. Teacher discretion is used in the number of days allowed to turn in assignments from days absent not to exceed two days for the first day and one day for the following days in a normal Monday-Friday school week. (ex. 3 days missed =4 days to turn in missing assignments) without penalty.
6. Teachers may choose to accept work after that time, but there is no assurance that there will not be a penalty applied to the score, nor of the amount of penalty the teacher chooses to apply.

Returning To School:

A student will not be allowed to enter class after an absence until an admit slip, based upon a written, email, or verbal parental/legal guardian excuse, or a conditional admit slip, is issued by the Principal's office.

Extended Illnesses:

When a student returns to school after an extended illness, surgery, or injury, a doctor's note is required. Modifications and adjustments may be made by administrative discretion as needed to help the student succeed. Requesting, receiving, and returning coursework is encouraged if the student is physically able to do the work!

Returning To School – After Extended Illness:

When a student returns to school after an extended illness, surgery, or injury, and requires educational accommodations or requests to remain indoors during the lunch period or outdoor classes, the student must have a note from his/her parent/legal

guardian advising the school of this need. If the need extends for longer than a 3-day period, a doctor's statement will be required.

Section 3—Excessive Absenteeism/Truancy

Reporting and Responding to Truant Behavior:

Any administrator, teacher, or member of the board of education who knows of any failure on the part of any child age 5 to 18 to attend school regularly without lawful reason, shall within three days report such violation to the Superintendent. The Superintendent shall immediately cause an investigation into any such report made. The Superintendent shall also investigate any case when based on the Superintendent's personal knowledge or based on a report or complaint from any resident of the district, the Superintendent believes that any child is unlawfully absent from school. The school shall render all services in its power to compel such child to attend some public, private, denominational, or parochial school, which the person having control of the child shall designate, in an attempt to remediate the child's truant behavior. Such services shall include, as appropriate, the services listed under the "Excessive Absenteeism" and "Reporting Habitual Truancy" policies.

Students who accumulate five (5) or more absences in a quarter shall be deemed to have "**excessive absences**"/truant. The principal will initiate an informational letter to the parents of students at that time informing them of the absence rate, the importance of attendance, and specific actions that need to be taken. Absences between the 6th day of absence and the 8th day of absence may result in further written communication from the principal.

5 absences	Communication from the principal
8 absences	Parent meeting with principal, superintendent, and guidance counselor
10 absences	Students will not be allowed to participate in Extracurricular activities (Administration will take into consideration absences due to medical circumstances per NSAA)
11-12 absences	Parent Meeting with principal, superintendent and guidance counselor to create an Attendance Improvement Plan which may include required time to be made up outside of the school day.
21 absences	Notification to the Lincoln County Attorney's Office (Cumulative for the school year)

Upon the **8th day of absence** per semester, a meeting will be held with the Parent/Guardian of the student. After the 8th day of absence and no later than the 10th day, the meeting with the parent/legal guardian and the principal should have taken place.

The meeting shall have addressed:

1. Verification of past student absences and establishment of increased parent/legal guardian responsibility to provide the principal with written verification for each absence from a doctor.(review ALL absence dates and reasons);
2. Review of current student academic performance compared to the student expected performance (where they are/where they could be academically);
3. Review resources and support systems that may need to be addressed to improve daily attendance;
4. Sign a pledge or reaffirmation of the parental legal responsibility for the regular attendance of their child;
5. Inform the parent/guardian that upon the **21st day of absence** or tardy, a letter from the principal will be sent to the parent/legal guardian and a report will be filed with the Office of the Lincoln County Attorney.
6. In the event that a student's absence has been verified as medical-related, an instructional plan will be developed to accommodate the student.

The actions stemming from this may include:

1. One or more meetings between the principal, teacher, Lincoln County Attorney and the parent/legal guardian (and the child, if necessary) to report and attempt to solve the truancy problem.
2. Educational counseling to determine whether curriculum changes, including alternative education that meets the specific educational and behavioral needs of the child, is necessary to help solve the truancy problem.
3. Educational evaluation, which may include a psychological evaluation, to assist in determining the specific condition, if any, contributing to the truancy problem, supplemented by specific efforts by the school to help remedy any condition diagnosed.
4. Investigation of the truancy problem by the Lincoln County Attorney's office to identify conditions, which may be

contributing to the truancy problem. If services for the child and his/her family are determined to be needed, the school social worker or other person performing the investigation shall meet with the parent/legal guardian and the child to discuss any referral to appropriate community agencies for economic service, family or individual counseling, or other services required to remedy the conditions that are contributing to the truancy problem.

IMPORTANT!!

Attendance/Credit Policy at BHS

All absences will require equivalent hours to be made up before credit can be issued. Students missing more than ten (10) days per semester may lose credit proportional to the days missed (i.e. 11 days missed = 4/5 credit; 12 days missed = 3/5 credit; 13 days missed = 2/5 credit; 14 days missed = 1/5 credit; more than 14 days missed = 0 credit), assuming the student is passing any classes. **Certain absences may not count toward the ten days.** Students may appeal absences over the ten-day limit to a committee of attendance, (two staff members, the principal, and the guidance counselor).

Section 4—Tardiness

Tardy to Class (Junior/High School): A tardy will be recognized as a student arriving after the tardy bell. A student will be granted two (2) tardies per semester, per class. The third and subsequent tardies will result in the student receiving 30-minute detention for each tardy earned.

Tardy to School (Elementary): A student will be required to serve 30 minutes detention following the accumulation of three tardies and for each additional tardy each nine-week period. If the tardies continue after this action, the student will be referred to the principal for further action. A student will be considered tardy if they arrive 15 minutes or less after the tardy bell has rung.

Section 5—Leaving School

During the school day the “commons doors” will be locked, and students should use the south “office” doors (on Popleton Street) to enter the building. A student who plans to leave school during the day for any reason must bring a signed note from a parent/legal guardian or the parent/legal guardian must call the Principal’s Office in advance stating the reason for the absence. After signing out (in the office) the student should exit by either “commons” door or the south “office” doors and then be picked up on Popleton Street; or exit by the south “office doors” and then walk around the west side of the building to their vehicle in the student parking lot, if they are driving themselves. Students who leave without permission and without signing out in the proper manner will be considered truant. No child will be allowed to leave school during the school day with any adult other than their parent /legal guardian unless verbal or written permission is given by the parent/legal guardian, as stated above. When the student returns to school, they should follow the reverse procedure. All students who leave the building as a result of a note or a phone call from a parent/legal guardian must also re-enter through the Popleton Street doors and sign back in (in the office) when they return.

Approved reasons for the release of a student during the school day shall include, but not be limited to, illness, family emergencies, medical appointments, religious instruction, classes outside the student's attendance center, school to work, employment for which the student has been issued a work permit and other reasons determined appropriate by the principal.

Activities: Students must attend school the day of any scheduled school activity in order to participate. Students who will be participating in an event that begins before school or in a full day activity must be in school no less than the last ½ of the day prior to the activity. This includes sports contests, practice and dances. Failure to attend on that day will result in a student being withheld from participation in the activity. The principal retains the right to grant participation should exceptional circumstances prevail. For additional information regarding policies and Code of Conduct for extracurricular activities, please refer to the Activities Handbook.

Extra-curricular Activities Held During a School Day: Written parental requests may be granted for a student to attend a school activity/contest held during the day in which a sibling is participating if the parent of the BPS student will be attending the event. High school students wishing to attend activities of a younger sibling must provide expressed “written” permission from a parent/legal guardian or have their parent/legal guardian pick them up at the school. All other requests are subject to

administrative approval.

Section 6—Make-up Work

Students will be allowed two days to make up work for every day missed with a maximum of ten (10) days allowed to make up work, only if they follow the guidelines of this policy. If requested, assignment sheets will be prepared for students who are ill. If parents/legal guardians and/or students request assignment sheets, the school should be contacted no later than 11:00 a.m. If makeup work is not completed, students will receive no credit for the work required. The student has the responsibility to contact teachers, initially, regarding make-up assignments. **All students are required to gather assignments from each teacher prior to leaving for the school activity. If a student fails to acquire assignments prior to leaving for the school activity, they may not attend the activity and/or will be subject to the school-wide late policy.**

Section 7—Progress Reports/Eligibility

Progress reports are sent out weekly from the office to the parents of those students who may be having difficulty with their school work, or to those who have shown to be doing excellent work in relation to their ability. Parents of students needing extra help should make appointments through the classroom teacher for arranging meetings with the teachers to help the student who is having difficulty with a particular subject.

The Progress Report in each week will be printed on Friday each week (unless there is no school on Friday then it will come out Thursday). Letters to families informing them of their student's progress will be mailed at the Brady Post Office as soon as possible. A copy of the notification will also be presented to the student, via email, (by the principal or designee) before 4 pm on that same day.

No progress reports will be created until there have been at least eight full school days in any one of the four quarters of the school year. In other words, there is an "amnesty" for the first two weeks of each of the four academic quarters of the year. The progress report will also be used for the purpose of monitoring eligibility for participation in extracurricular activity competitions. Any student that is listed on the progress report with the grade of "F" in two, or more, courses will be ineligible to participate in any school activity competitions during the week starting at the time of posting of the progress report (Monday to Monday).

When a student comes off the "down-list" (on its regular publishing) he or she will be eligible to participate in competitions starting Monday. The student is expected to attend all practices. Ineligible students may sit with their teams during home games; however, they will not be allowed to travel to away competitions if class time is missed.

Extended Learning:

Extra help with schoolwork is available from 7:45 – 8:00 a.m. before school and 3:27-3:45 p.m. after school. Teachers may request students to meet with students for late or missing assignments, classroom behavior, or to make-up assignments from absences. In addition, if students wish to meet with teachers for extra help, they must contact the teacher to set up the meeting.

Section 8 – Late Work

In Grades 7-12 teachers work policy. Teachers are strongly encouraged to grade an understanding of content and standards, not behaviors, and compliance. It is up to teacher's discretion to allow credit for late assignments points taken away may not exceed:

One day late = 70%

Two days late = 50%

Three days late = 0%

Section 9- Credit Recovery

Students that have failed a class and are unable to retake the class when offered may apply for the credit recovery program. Students will be required to pay for half the cost prior to enrolling. After completion with a passing grade over the summer or the following semester, they will receive full reimbursement.

Article 5—Scholastic Achievement

Section 1- Report Card “Letter” Grading Scale

Brady Public School uses a “letter grade” system for daily assignments, course progress reports & quarterly and semester report cards:

A	95, 96, 97, 98	Excellent
A-	93, 94	Excellent
B+	91, 92	Good
B	87, 88, 89, 90	Good

Section 2-Transcript, Grade-Point-Average(G.P.A.) Scale

Brady Public School represents students’ 4-year academic careers by means of a cumulative “G.P.A.” on a transcript. Each one-semester course is worth the same ‘weight’ as all other one-semester courses. The maximum grade point awarded for any one-semester course is 4.000. Adding together the grade points received from all one-semester courses completed during the eight semesters of possible credit, and dividing by the number of courses completed gives a “cumulative G.P.A.” A listing of the grade points awarded for each letter grade follows:

A+ (4.000)	C+ (2.333)
A (4.000)	C (2.000)
A- (3.667)	C- (1.667)
B+ (3.333)	D+ (1.333)
B (3.000)	D (1.000)
B- (2.667)	D- (0.667)
	F (0.000)

Section 3- Graduation Requirements

Students must successfully complete the courses required by the board and Nebraska Department of Education in order to graduate. It shall be the responsibility of the Superintendent to ensure that students complete grades one through twelve and that high school students complete 250 credits prior to graduation. The following credits will be required:

Language Arts	40	credit hours
Science	30	credit hours
Mathematics	30	credit hours
Social Studies	30	credit hours
Physical Education	5	credit hours
Health Education	5	credit hours
Business/Personal Finance	5	credit hours
Speech	5	credit hours
Computer Applications	5	credit hours
Visual/Performing Arts	5	credit hours
Industrial, Manufacturing, and Engineering Systems	5	credit hours
Family Consumer Science	2.5	credit hours
Career Exploration	2.5	credit hours
Elective Hours	80	credit hours

TOTAL REQUIRED FOR GRADUATION 250 credit hours

Adopted by the Board on 7/10/23

revised on 8/16/23

The required courses of study will be reviewed by the board on an annual basis. Graduation requirements for special education students will be in accordance with the prescribed course of study as described in their Individualized Education Program (IEP). Each student's IEP will include a statement of the projected date of graduation at least 18 months in advance of the projected date and the criteria to be used in determining whether graduation will occur. Prior to the special education student's graduation, the IEP team shall determine whether the graduation criteria have been met.

Section 4- School to Work

Brady High School also offers opportunities to students in 12th grade to receive credit for work experiences outside the school. Students enrolled in this program are to be approved by the Principal. Possible reasons for denial may include but are not limited to self-employment; lack of a regular schedule; conflicts with required classes. Students will receive one semester's credit for each semester of work a maximum of 5 credits can be earned per semester.

Section 5- Promotion, Retention

7th & 8th-grade Retention- If a 7th or 8th-grade student fails any combination of more than four semesters of the 5 core classes (reading, math, language arts, science, and social studies) per year the student will be retained in their current grade. The administration of Brady Public School will place students at the grade level and in the courses best suited to them academically, socially, and emotionally. Students will typically progress annually from grade to grade. A student may be retained at a grade level or required to repeat a course or program when such is determined in the judgment of the school's professional staff to be appropriate for the educational interests of the student and of the educational program.

Section 6- Schedule Changes

Students seeking schedule changes should notify the principal or guidance counselor. Schedule changes must be approved by the teachers involved, the principal, and the student's parents/legal guardians. Final approval rests with the principal. (All Changes must be made within 8 days of the start of the semester.)

Section 7- Progress Reports

Progress reports may be sent to parents throughout the school year concerning student's performance. These reports may describe student work of an exceptional nature or work which needs improving. These reports will be sent as the teacher determines.

Section 8- Report Cards

Reports are issued at the end of each quarter. Letter grades are used to designate a student's progress (see Section 1: "Grading Scale"). Semester grades are arrived at by averaging quarter one and quarter two grades together; along with any "final exam" the instructor may have chosen to include in the course. An Incomplete in a course will be designated by an "INC".

Section 9- Parent-Teacher Conferences

Parent-Teacher Conferences will be held twice a year. Refer to the school calendar for the dates of the conferences in any semester. Conferences with teachers, at any other time, are possible by calling the school and making arrangements with the specific teacher.

Section 10-Honor Roll

The purpose of the honor roll is to recognize those students who demonstrate academic excellence. Honor rolls will be determined for 1st, 2nd, 3rd and 4th quarters. Students will be recognized accordingly:

1. Students receiving all "A's" will be classified as students with DISTINCTION.
2. Students receiving no other grade lower than a "B" will be classified as students with HONOR.
3. All class grades are figured the same for honor roll status.
4. Honor roll lists are posted on social media

Section 11- National Honor Society

The National Honor Society was founded to recognize and encourage academic achievement and the ideals of scholarship, character, service, and leadership. The local chapter at Brady High School is governed by the national organization. Brady's chapter was chartered as Charter #DSA21598 in 1974.

Adopted by the Board on 7/10/23

revised on 8/16/23

Membership is an honor. To be eligible for membership in the Brady High School Chapter of NHS, a student must have been in attendance at BHS for the equivalent of one semester. Selection is based on outstanding scholarship, character, leadership, and service with each area counting as 25% of the total.

Candidates must have a cumulative average of at least 90% although a local chapter may raise that standard if desired. Students may not apply for membership; membership is granted to those sophomores, juniors, and seniors selected by the faculty council. Eligible students are judged by a five-member faculty council as selected by the principal and advisor. A different faculty council is selected each year.

Sophomore, junior, and senior students who have a 90% or higher GPA will receive a letter stating that they are eligible to be considered for membership. Students that are eligible will be asked to submit a list of activities and write a short essay. Leadership, character, and service will be judged by an evaluation form completed by the five-member faculty council using guidelines as presented in the National Honor Society Handbook.

Membership into the National Honor Society is an honor and a responsibility. Students selected for membership are expected to continue to demonstrate the qualities of scholarship, service, leadership, and character. Members who fall below the standards, which were the basis of their selection, may be dismissed from the organization. Students or parents/legal guardians who have questions regarding the selection process or membership obligations can contact the chapter advisor.

Section 12- Assessment/Accountability

MAP (Measure of Academic Progress) and Nebraska Student-Centered Assessment System (NSCAS) tests are taken by Brady Public Schools students. 3-8 students will participate in the Nebraska Student-Centered Assessment System (NSCAS) test. (ELA-3rd-8th) (Math-3rd-8th) (Science -5th, & 8th) 11th-grade students will take the ACT.

Section 13- Academic Integrity

Policy Statement: Students are expected to abide by the standards of academic integrity established by their teachers and school administration. Standards of academic integrity are established for students to learn as much as possible from instruction, for students to be given grades that accurately reflect the student's level of learning and progress, to provide a level playing field for all students, and to develop appropriate values.

Cheating and plagiarism violate the standards of academic integrity. Sanctions will be imposed against students who engage in such conduct.

Definitions: The following definitions provide a guide to the standards of academic integrity:

1. "Cheating" means intentionally misrepresenting the source, nature, or other conditions of academic work so as to accrue undeserved credit, or to cooperate with someone else in such misrepresentation. Such misrepresentations may, but need not necessarily, involve the work of others. Cheating includes, but is not limited to:
 - a. Tests (includes tests, quizzes, and other examinations or academic performances):
 - i. Advance Information: Obtaining, reviewing, or sharing copies of tests or information about a test before these are distributed for student use by the instructor. For example, a student engages in cheating if, after having taken a test, the student informs other students in a later section of the questions that appear on the test.
 - ii. Use of Unauthorized Materials: Using notes, textbooks, pre-programmed formulas in calculators, or other unauthorized material, devices or information while taking a test except as expressly permitted. For example, except for "open book" tests, a student engages in cheating if the student looks at personal notes or the textbook during the test.
 - iii. Use of Other Student Answers: Copying or looking at another student's answers or work, or sharing answers or work with another student, when taking a test, except as expressly permitted. For example, a student engages in cheating if the student looks at another student's paper during a test. A student also engages in cheating if the student tells another student answers during a test or while exiting the

- testing room, or knowingly allows another student to look at the student's answers on the test paper.
 - iv. Use of Other Students to Take Tests. Having another person take one's place for a test, or taking a test for another student, without the specific knowledge and permission of the instructor.
 - v. Misrepresenting Need to Delay Test. Presenting false or incomplete information in order to postpone or avoid the taking of a test. For example, a student engages in cheating if the student misses class on the day of a test, claiming to be sick when the student's real reason for the missing class was because the student was not prepared for the test.
 - b. Papers (includes papers, essays, lab projects, and other similar academic work):
 - i. Use of Another's Paper: Copying another student's paper, using a paper from an essay writing service, or allowing another student to copy a paper, without the specific knowledge and permission of the instructor.
 - ii. Re-use of One's Own Papers: Using a substantial portion of a piece of work previously submitted for another course or program to meet the requirements of the present course or program without notifying the instructor to whom the work is presented.
 - iii. Assistance from Others: Having another person assist with the paper to such an extent that the work does not truly reflect the student's work. For example, a student engages in cheating if the student has a draft essay reviewed by the student's parent or sibling, and the essay is substantially re-written by the student's parent or sibling. Assistance from home is encouraged, but the work must remain the student's.
 - iv. Failure to Contribute to Group Projects. Accepting credit for a group project in which the student failed to contribute a fair share of the work.
 - v. Misrepresenting Need to Delay Paper. Presenting false or incomplete information in order to postpone or avoid turning in a paper when due. For example, a student engages in cheating if the student misses class on the day a paper is due, claiming to be sick when the student's real reason for the missing class was because the student had not finished the paper.
 - c. Alteration of Assigned Grades. Any unauthorized alteration of assigned grades by a student in the teacher's grade book or the school records is a serious form of cheating.
- 2. "Plagiarism" means to take and present as one's own a material portion of the ideas or words of another or to present as one's own an idea or work derived from an existing source without full and proper credit to the source of the ideas, words, or works. Plagiarism includes, but is not limited to:
 - a. Failure to Credit Sources: Copying work (words, sentences, and paragraphs or illustrations or models) directly from the work of another without proper credit. Academic work frequently involves the use of outside sources. To avoid plagiarism, the student must either place the work in quotations or give a citation to the outside source.
 - b. Falsely Presenting Work as One's Own: Presenting work prepared by another in final or draft form as one's own without citing the source, such as the use of purchased research papers or use of another student's paper.
- 3. "Contributing" to academic integrity violations means to participate in or assist another in cheating or plagiarism. It includes but is not limited to allowing another student to look at your test answers, to copy your papers or lab projects, and to fail to report a known act of cheating or plagiarism to the instructor or administration.

Sanctions: The following sanctions will occur when a student engages in cheating, plagiarism, or contributing to an academic integrity offense:

1. Academic Sanction.

The instructor will refuse to accept the student's work in which the academic integrity offense took place, assign a grade of "F" or zero for the work, and require the student to complete a test or project in place of the work within such time and under such conditions, as the instructor may determine appropriate. In the event the student completes the replacement test or project at a level meeting minimum performance standards, the instructor will assign a grade that the instructor determines to be appropriate for the work.
2. Report to Parents and Administration.
 - a. The instructor will notify the Principal of the offense and the instructor or Principal will notify the student's

parents or guardian.

3. Student Discipline Sanctions.

Academic integrity offenses are a violation of school rules. The Principal may recommend sanctions in addition to those assigned by the instructor, up to and including suspension or expulsion. Such additional sanctions will be given strong consideration where a student has engaged in serious or repeated academic integrity offense or other rule violations, and where the academic sanction is otherwise not a sufficient remedy, such as for offenses involving altering assigned grades or contributing to academic integrity violations.

Article 6—Support Services

Section 1—Special Education Identification And Placement Procedures:

What Does Special Education Mean?

Special education means educational experiences, curriculum, and services including transportation, through the use of staff, facilities, equipment, and classrooms, which have been adapted to provide special instruction for students with disabilities. In addition, special education provides the support services necessary for evaluation, placement, and instruction for students with disabilities. These services are free to parents/legal guardians unless they elect to place their child in a program other than one approved by the school district.

How Are Students With Disabilities Identified?

The first step is for parents/legal guardians to provide written permission to have their child evaluated. The request for permission will include a description of the action to be taken and a description of each evaluation procedure. Written statements showing the results of the evaluation and the reasons for placement in a special education program must be kept on file. Within 30 days after a student has been verified as having a disability, a conference will be held with parents/legal guardians. Advance notice will be given. At the conference, an Individual Education Program (IEP) or 504 Plan will be developed.

Alternative Programs

Parents/legal guardians have a right to know about available private and public programs, other than those offered by the schools. The school district staff will provide information about those programs on request. If parents/legal guardians place the student in one of those programs, however, the school district is not required to pay for the student's education.

Transportation of Students Receiving Special Education

The district special education staff will make arrangements for transportation for eligible students to the extent such is required by the student's IEP. Students assigned to special education programs requiring attendance at schools outside their regular attendance area will be transported. Special conditions may warrant that special education students receive transportation to their assigned schools. If parents/legal guardians are dissatisfied with a transportation decision, they may contact the Superintendent for a review.

Section 2—Guidance Services:

The Brady Public School employs guidance counselor(s) for the purpose of assisting with the District's testing program and assisting with scheduling, and assisting the students with conflict resolution and problem-solving skills, and providing scholarship information to students and parents/legal guardians. If you wish to see the counselor, stop by the counselor's office, and make arrangements for an appointment.

Payment plans may be established at the discretion of the Superintendent.

1. School Food Authorities (SFAs) participating in the National School Lunch Program, School Breakfast Program, After School Snack Program or Special Milk Program must include the nondiscrimination statement in their student handbook in the section that addresses access to or information about the school meals program. It must also be included on the school’s web site if school meal information is available.

3. Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotope, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Section 4—Health Services:

Student Illnesses

The school office will notify parents/legal guardians when a student needs to be sent home from school due to illness. Conditions requiring a student be sent home include: temperature greater than 100.4°F, vomiting, diarrhea, unexplained rashes, live head lice, or on the determination by the school office that the child's condition prevents meaningful participation in the educational program, presents a health risk to the child or others, or that medical consultation is warranted unless the condition resolves. Please include emergency daytime phone numbers on your child's enrollment card so that you can be reached if your child becomes ill or injured while at school. Please also inform your school office staff of health-related information you feel is important for your student's success in the classroom and/or safety at school.

Guidelines for Administering Medication

Whenever possible your child should be provided medications by you outside of school hours. In the event it is necessary that the child take or have medication available at school, the parents/legal guardians must provide a signed written consent form for the child to be given medication at school. Consent forms are available at the school office. Medications must be provided to the school by the parent/legal guardian in the pharmacy-labeled or manufacturer-labeled bottle. Repackaged medications will not be accepted. All medications also require a physician's authorization to be given at school. The school office may limit medications to those set forth in the Physician's Desk Reference (PDR). Please limit the amount of medication provided to the school to a two-week supply.

School Health Screening

Copies of the Health and Welfare Guidelines for screening are available at the school office. Children in preschool and kindergarten through third grade, as well as children in sixth and ninth grade, are screened for vision, hearing, dental defects, height, and weight. The screening program also incorporates scoliosis and blood pressure in the sixth and ninth grades. Students entering the Student Assistance Process at any grade level, and those about whom health concerns are identified to the school office may also be screened. Parents/legal guardians are notified of any health concerns as they are identified. Parents/legal guardians who do not wish their child to participate in the school screening program must communicate this in writing to the school office at the start of the school year. Nebraska statutes require school-age screening; parents/legal guardians who remove their child from the screening program must submit findings from an alternate medical provider to the school by December 1.

Physical Examination

Evidence of a physical examination by a qualified physician is required within six months prior to the entrance of the child into any Early Childhood Special Education classes, kindergarten, and the seventh grade, or in the case of transfer from out of state to any other grade. In addition to the physical examination, an eye exam is also required for incoming kindergarten students. A parent/legal guardian who objects may submit a written statement of refusal for his or her child. The statement will be kept in the student's file. Waiver forms are available in the school health office.

Immunizations

A copy of the current required immunizations is available in the school office for your reference.

Students must show proof of immunization upon enrollment in Brady Public School District. Any student who does not comply with the immunization requirements will not be permitted to continue in school. Students with medical conditions or sincerely held religious beliefs which do not allow immunizations, parents/legal guardians may complete a waiver statement, which is available in the school office. Students with a waiver statement signed by parent/legal guardian may be excluded from school in the event of a disease outbreak.

Birth Certificate Requirements

State law requires that a certified copy of a student's birth certificate be used when enrolling. You may obtain this document from the Bureau of Vital Statistics in the state in which your child was born. Assistance in obtaining birth certificates may be obtained from Health Records Management, P.O. Box 95065, Lincoln, NE 68509-5065. There is a fee per certificate.

Please note: The document parents receive from the hospital looks like a birth certificate, but it is not a certified copy. A certified copy has the raised seal of the state of Nebraska on it and is signed by the director of vital statistics. If a birth certificate is unavailable, other reliable proof of a student's identity may be used. These documents would include naturalization or immigration documents showing date of birth or official hospital birth records, a passport, or a translation of a birth certificate from another country.

Head Lice (Board Policy (5062))

1. Upon discovering the presence of live lice or louse eggs, the school will notify the student's parent(s) or guardian(s). The student will be isolated from contact with other students and their belongings, and a parent or guardian must pick the child up from school immediately.
2. By Nebraska DHHS regulation, students are not permitted to return to school until the student is treated such that no live lice or louse eggs can be detected. The parent(s) or guardian(s) will be required to treat the student and accompany the student to school to be examined. The student cannot ride the school bus until the district has cleared the student to return to school.

Article 7—Drugs, Alcohol, and Tobacco

Section 1—Drug-Free Schools

The district implements regulations and practices, which ensure compliance with the Federal Drug-Free Schools and Communities Act, and with all regulations and rules, which extend from it. The district's policy is established in accordance with principles of effectiveness, as required by law, to respond to the harmful effects of these dilatory substances.

Section 2—Possession of Tobacco by Students or Employed Staff

A student who has been found to be in possession of, or using, any tobacco substance on/in any school building, school property, or school vehicle will be provided with access to appropriate counseling & addiction cessation efforts within the local area. Additionally, for a first offense in their school career at Brady, the student may be given a suspension from classes (in school or out of school) for a period of one to three days, and may be assigned to one day of in-school suspension. If a student 'self-reports' and voluntarily turns over the contraband substance to school officials, it will be considered a mitigating circumstance, and will be considered in assigning the level of punishment/consequence. Parents/legal guardians will be notified. If a student is found guilty of a second offense during their school career at Brady, the student will be encouraged to enroll in a counseling/cessation program at the parent/legal guardian's expense. The student may be suspended (in school or out of school) for a period of two to four days. Parents/legal guardians will be notified. If a student is found guilty of a third offense during their school career at Brady, they will be encouraged to enroll in a counseling/cessation program at the parent/legal guardian's expense. The student will be suspended (out of school) for a period of three full school days. Parents/legal guardians will be notified. The authority to conduct investigations, question witnesses, search lockers, and administer the consequences and punishments is the responsibility of the principal. Students found guilty during their school career at Brady Public School of a violation of this section of the student handbook (possession of tobacco products) will also be ruled ineligible from any extracurricular activity contests:

1. First Violation: 45 days
2. Second Violation: 90 days
3. Third Violation or Any Subsequent Offense: One calendar year or 365 days of no participation in sanctioned clubs and activities

Coaches/sponsors have the prerogative to lengthen the period of ineligibility, but they may **not** shorten it. All consequences/offenses will be categorized by grade level (K-6) (7-8) (9-12). When a student enters into the next grade classification, the student's offense count may start over at the discretion of the school administration. For additional information regarding policies involving extra curricular activities, refer to the Student-Parent Activities Handbook. Any student who is disciplined under the procedures set forth in this section of the student handbook will be afforded all Due Process rights to appeal, review, and hearings that are outlined in Article 8 (Student Rights) of this student handbook.

Section 3—Education and Prevention

This District promotes comprehensive, age-appropriate, developmentally based drug and alcohol education and prevention programs, which will include in the curriculum the teaching of both proper and incorrect use of drugs and alcohol. Further, this District will have proper in-service orientation and training for all employed staff.

Drug and Alcohol Use and Prevention:

By this handbook, each student of the District is hereby provided a copy of the standards of conduct for student behavior in the

District which prohibit the unlawful possession, use, or distribution of illicit drugs and alcohol on school premises or as a part of any of the school's activities. Drug and Alcohol Education and Prevention Program of the District Pursuant to The Safe and Drug-Free Schools and Communities Laws and Regulations. Students are provided age-appropriate, developmentally based drug and alcohol education and prevention programs. It shall be the policy of the District to require instruction at designated grade level concerning the adverse effects resulting from the use of illicit drugs and alcohol. Such instruction shall be designed by affected classroom teachers or as otherwise directed by the Board to be appropriate to the age of the student exposed to such instruction. One of the primary objectives shall be the prevention of illicit drug and alcohol use by students. It shall further be the policy of the District to encourage the use of outside resource personnel such as law enforcement officers, medical personnel, and experts on the subject of drug and alcohol abuse, so that its economic, social, educational, and physiological consequences may be made known to the students of the District.

It shall further be the policy of the District, through the instruction earlier herein referred to, as well as by information and consistent enforcement of the Board's policy pertaining to student conduct as it relates to the use of illicit drugs and the unlawful possession and use of alcohol, that drug and alcohol abuse is wrong and is harmful both to the student and the District, and its educational programs.

Drug and Alcohol Counseling, Rehabilitation, and Reentry Programs:

All students shall be provided information concerning available drug and alcohol counseling, rehabilitation, and reentry programs within sixty miles of the administrative offices of the District or, where no such services are found, within the State of Nebraska. Information concerning such resources shall be presented to all of the students of the District upon request by the Guidance Counselor. In the event of disciplinary proceedings against any student for any District policy pertaining to the prohibition against the unlawful possession, use, or distribution of illicit drugs and alcohol, appropriate school personnel shall confer with any such student and his or her parent(s)/legal guardian concerning available drug and alcohol counseling, rehabilitation, and reentry programs that appropriate school personnel shall consider to be of benefit to any such student and his or her parent(s)/legal guardian.

Standards of Student Conduct Pertaining to the Unlawful Possession, Use, or Distribution of Illicit Drugs or Alcohol on School Premises or as a Part of Any of the School's Activities:

This shall include unlawful possession, use, or distribution of illicit drugs and alcohol by any student of the District during regular school hours or after school hours at school-sponsored activities on or off school premises. Conduct prohibited at places and activities as hereinabove described shall include, but not be limited to the following:

1. Possession of any controlled substance, possession of which is prohibited by law.
2. Possession of any prescription drug in an unlawful fashion.
3. Possession of alcohol on school premises or as a part of any of the school's activities.
4. Use of any illicit drug.
5. Distribution of any illicit drug.
6. Use of any drug in an unlawful fashion.
7. Distribution of any drug or controlled substance when such distribution is unlawful.
8. The possession, use, or distribution of alcohol.

It shall further be the policy of the district that violation of any of the above-prohibited acts will result in disciplinary sanctions being taken within the bounds of applicable law, up to and including short term suspension, long term suspension, expulsion, and referral to appropriate authorities for criminal prosecution.

Drugs and Alcohol Prohibited—Standards of Conduct for Students and Employed Staff:

The manufacture, possession, selling, dispensing, use, or being under the influence of alcohol or any alcoholic beverage or alcoholic liquor on school grounds, or during an educational function, or school-sponsored activity on or off school premises is prohibited. The possession, selling, dispensing, use or being under the influence of any controlled substance or drug, including but not limited to marijuana, any narcotic drug, any hallucinogen, any stimulant, or any depressant on school grounds, or during the educational function or school-sponsored activity on or off school grounds is prohibited. The possession, selling, dispensing, use or being under the influence of any "synthetic" glue or aerosol paint or any other chemical substance for inhalation, including but not limited to lighter fluid, whiteout, and reproduction fluid, when such activity constitutes a

substantial interference with school purposes on school grounds or during and educational function, or event off school grounds, is prohibited. The possession, selling, dispensing or use of any look-alike drug or look-alike controlled substance when such activity constitutes a substantial interference with school purposes on school grounds or during an educational function, or event off school grounds, is prohibited. Any prescription or non-prescription drug, medicine, vitamin or other chemicals may not be taken unless authorized as stated in the next section on AUTHORIZED USE.

Authorized Use: Any student whose parent/legal guardian requests that he or she be given any prescription or nonprescription medicine, drug, or vitamin shall provide signed permission by the parent/legal guardian or physician. Written permission and prescriptions will be secured in the school office.

Disciplinary Sanctions:

1. Violation of this policy may result in suspension or expulsion. Prohibited substances will be confiscated and could be turned over to law enforcement authorities. The student may be referred for counseling or treatment. The parent/legal guardian will be notified.
2. If the student is observed to be violating this policy, the student will be escorted to the Administration’s office immediately. The student’s parent/legal guardian will be requested to pick up the student. If it appears there is imminent danger to other students, school personnel, or students involved, the Principal/Superintendent, or such other personnel as authorized by the Principal/Superintendent, may have the student removed by authorized medical or law enforcement personnel.
3. Parents/legal guardians and students shall be given a copy of the standards of conduct and disciplinary sanctions required and shall be notified that compliance with the standards of conduct is mandatory.

Intervention:

The Brady Public School District staff does not have the authority or responsibility to make medical or health determinations regarding chemical dependency. However, when observed behavior indicates that a problem exists which may affect the student’s ability to learn or function in the educational climate or activity, the school then has the right and responsibility to refer concerns about the student to parents/legal guardians. The school will issue a statement to all students and employed staff that the use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful. The school shall make available to students and employed staff information about any drug and alcohol counseling, rehabilitation, and re-entry programs, which are available to students.

Administration:

The administration is authorized to adopt such administrative rules, regulations or practices necessary to properly implement this policy. Such regulations, rules, or practices may vary the procedures set forth herein to the extent necessary to file the circumstances of an individual situation. Such rules, regulations, and practices may include administrative forms, such as checklists to be used by staff to record observed behavior and to determine the proper plan of action.

Article 8—Student Rights, Conduct, Rules and Regulations

Section 1—Student Conduct and Discipline Policies:

Development of Uniform Discipline System.

It shall be the responsibility of the Superintendent to develop and maintain a system of uniform discipline. The discipline which may be imposed includes actions which are determined to be reasonably necessary to aid the student, to further school purposes, or to prevent interference with the educational process, such as (without limitation) counseling and warning students, parent contacts and parent conferences, rearrangement of schedules, requirements that a student remains in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receives counseling upon written consent of the parent or guardian, or in-school suspension. The discipline may also include out-of-school suspension (short-term or long-term) and expulsion.

Part 1) Forms of School Discipline

1. Short-Term Suspension: Students may be excluded by the Principal or the Principal’s designee from school or

any school function for a period of up to five school days (short-term suspension) on the following grounds:

- a. Conduct that constitutes grounds for expulsion, whether the conduct occurs on or off school grounds; or
- b. Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspensions:

- The Principal or the Principal's designee will make a reasonable investigation of the facts and circumstances. A short-term suspension will be made upon a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
 - Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what the student is accused of having done, an explanation of the evidence the authorities have and be afforded an opportunity to explain the student's version of the facts.
 - Within 24 hours or such additional time as is reasonably necessary following the suspension, the Principal or administrator will send a written statement to the student and the student's parent or guardian describing the student's conduct, misconduct or violation of the rule or standard and the reasons for the action taken.
 - An opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal or administrator ordering the short-term suspension before or at the time the student returns to school. The Principal or administrator shall determine who in addition to the parent or guardian is to attend the conference.
 - A student who is on a short-term suspension shall not be permitted to be on school grounds without the express permission of the Principal.
2. **Long-Term Suspension/Expulsion:** A long-term suspension means an exclusion from school and any school functions for a period of more than five school days but less than twenty school days. A student who is on a long-term suspension shall not be permitted to be on school grounds without the express permission of the Principal. A notice will be given to the student and the parents/guardian when the Principal recommends a long-term suspension. The notice will include a description of the procedures for long-term suspension; the procedures will be those set forth in the Student Discipline Act.
 - a. **Suspensions Pending Hearing.** When a notice of intent to discipline a student by long-term suspension, expulsion, or mandatory reassignment is filed with the superintendent, the student may be suspended by the principal until the date the long-term suspension, expulsion, or mandatory reassignment takes effect if no hearing is requested or, if a hearing is requested, the date the hearing examiner makes the report of his or her findings and a recommendation of the action to be taken to the superintendent, if the principal determines that the student must be suspended immediately to prevent or substantially reduce the risk of (a) interference with an educational function or school purpose or (b) a personal injury to the student himself or herself, other students, school employees, or school volunteers.
 3. **Meaning of Expulsion:** Expulsion means exclusion from attendance in all schools, grounds, and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during

the expulsion period. A student who has been expelled shall not be permitted to be on school grounds without the express permission of the Principal. A notice will be given to the student and the parents/guardian when the Principal recommends an expulsion. The notice will include a description of the procedures for expulsion; the procedures will be those set forth in the Student Discipline Act.

Emergency Exclusion: A student may be excluded from school in the following circumstances:

- If the student has a dangerous communicable disease transmissible through normal school contacts and poses an imminent threat to the health or safety of the school community; or
- If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.
- Any emergency exclusion shall be based upon a clear factual situation warranting it and shall last no longer than is necessary to avoid the dangers described above.

If the emergency exclusion will be for five school days or less, the procedures for a short-term suspension shall be followed. If the Superintendent or his or her designee determines that an emergency exclusion shall extend beyond five days, a hearing is to be held and a final determination made within ten school days after the initial date of exclusion. Such procedures shall substantially comply with the procedures set forth in this policy for a long-term suspension or expulsion and be modified only to the extent necessary to accomplish the hearing and determination within this shorter time period.

4. Summer Review: Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year in accordance with law.
 - a. Alternative Education: Students who are expelled may be provided an alternative education program that will enable the student to continue academic work for credit toward graduation. In the event an alternative education program is not provided, a conference will be held with the parent, student, the Principal or another school representative assigned by the Principal, and a representative of a community organization that assists young people or that is involved with juvenile justice to develop a plan for the student in accordance with the law.
 - b. Suspension of Enforcement of an Expulsion: Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect. As a condition of such suspended action, the student and parents will be required to sign a discipline agreement.
 - c. Students Subject to Juvenile or Court Probation. Prior to the readmission to the school of any student who is less than nineteen years of age and who is subject to the supervision of a juvenile probation officer or an adult probation officer pursuant to the order of the District Court, County Court, or Juvenile Court, who chooses to meet conditions of probation by attending school, and who has previously been expelled from school, the Principal or the Principal's designee shall meet with the student's probation officer and assist in developing conditions of probation that will provide specific guidelines for behavior and consequences for misbehavior at school (including conduct on school grounds and conduct during an educational function or event off school grounds) as well as educational objectives that must be achieved. If the guidelines, consequences, and objectives provided by the Principal or the Principal's designee are agreed to by the probation officer and the student, and the court permits the student to return to school under the agreed-to conditions, the student may be permitted to return to school. The student may with proper consent, upon such return, be evaluated by the school for possible disabilities and may be referred for evaluation for possible placement in a special education program. The student may be expelled or otherwise disciplined for subsequent conduct as provided in Board policy and state statute.
5. Other Forms of Student Discipline: Administrative and teaching personnel may also take actions regarding student behavior, other than removal of students from school, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include but are not limited to, counseling of students, parent conferences, rearrangement of schedules, requirements that a student remains in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receives counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or

guardian to such counseling or evaluation. The actions may also include in-school suspensions. When in-school suspensions, after-school assignments, or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures. A failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school.

6. **Pre-Kindergarten through Second Grade Students**

An elementary school shall not suspend a student in pre-kindergarten through second grade unless the student brings a deadly weapon as defined in section 28-109 on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or his or her designee, or at a school-sponsored activity or athletic event. As an alternative to suspension, the school district may take any action authorized by law, including those provided in section 79-258.

Part 2) Student Conduct Expectations.

Students are not to engage in conduct which causes or which creates a reasonable likelihood that it will cause a substantial disruption in or material interference with any school function, activity, or purpose or interfere with the health, safety, well being, or rights of other students, staff or visitors.

Grounds for Short-Term Suspension, Long-Term Suspension, Expulsion or Mandatory Reassignment.

The following conduct has been determined by the Board of Education to have the potential to seriously affect the health, safety or welfare of students, staff and other persons or to otherwise seriously interfere with the educational process. Such conduct constitutes grounds for long-term suspension, expulsion, or mandatory reassignment, and any other lesser forms of discipline. The conduct is subject to the consequence of long-term suspension, expulsion, or mandatory reassignment where it occurs on school grounds, in a vehicle owned, leased, or contracted by the school and being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or an employee's designee, or at a school-sponsored activity or athletic event.

1. Willfully disobeying any reasonable written or oral request of a school staff member, or the voicing of disrespect to those in authority.
2. Use of violence, force, coercion, threat, intimidation, harassment, or similar conduct in a manner that constitutes a substantial interference with school purposes or making any communication that a reasonable recipient would interpret as a serious expression of an intent to harm or cause injury to another.
3. Willfully causing or attempting to cause substantial damage to property, stealing or attempting to steal property of substantial value, repeated damage or theft involving property, or setting or attempting to set a fire of any magnitude.
4. Causing or attempting to cause personal injury to any person, including any school employee, school volunteer, or student. Personal injury caused by accident, self-defense, or other action undertaken on the reasonable belief that it was necessary to protect some other person shall not constitute a violation of this subdivision.
5. Threatening or intimidating any student for the purpose of or with the intent of obtaining money or anything of value from such student or making a threat that causes or may be expected to cause a disruption to school operations.
6. Knowingly possessing, handling, or transmitting any object or material that is ordinarily or generally considered a weapon or that has the appearance of a weapon or bringing or possessing any explosive device, including fireworks.
7. Engaging in selling, using, possessing or dispensing of alcohol, tobacco/vape, narcotics, drugs, a controlled substance, or an inhalant; being under the influence of any of the above; possession of drug paraphernalia, or the selling, using, possessing, or dispensing of an imitation controlled substance as defined in section 28-401 of the Nebraska statutes, or material represented to be alcohol, narcotics, drugs, a controlled substance or inhalant. Tobacco means any tobacco product (including but not limited to cigarettes, cigars, and chewing tobacco), vapor products (such as vapes or e-cigarettes), electronic nicotine delivery systems, alternative nicotine products, tobacco product look-alikes, and products intended to replicate tobacco products either by appearance or effect. Use of a controlled substance in the manner prescribed for the student by the student's physician is not a violation. The term "under the influence" has a less strict meaning than it does under criminal law; for school purposes, the term means any level of impairment and includes even the odor of

alcohol or illegal substances on the breath or person of a student; also, it includes being impaired by reason of the abuse of any material used as a stimulant.

8. Public indecency or sexual conduct.
9. Engaging in bullying, which includes any ongoing pattern of physical, verbal, or electronic abuse on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or a school employee's designee, or at school-sponsored activities or school-sponsored athletic events.
10. Sexually assaulting or attempting to sexually assault any person. This conduct may result in an expulsion regardless of the time or location of the offense if a complaint alleging such conduct is filed in a court of competent jurisdiction.
11. Engaging in any activity forbidden by law which constitutes a danger to other students or interferes with school purposes. This conduct may result in an expulsion regardless of the time or location of the offense if the conduct creates or has the potential to create substantial interference with school purposes, such as the use of the telephone or internet off-school grounds to threaten.
12. A repeated violation of any rules established by the school district or school officials if such violations constitute a substantial interference with school purposes.
13. Truancy or failure to attend assigned classes or assigned activities; or tardiness to school, assigned classes or assigned activities.
14. The use of language, written or oral, or conduct, including gestures, which is profane or abusive to students or staff members. Profane or abusive language or conduct includes, but is not limited to, that which is commonly understood and intended to be derogatory toward a group or individual based upon race, gender, disability, national origin, or religion.
15. Dressing or grooming in a manner which is dangerous to the student's health and safety or a danger to the health and safety of others or repeated violations of the student dress and grooming standards; dressing, grooming, or engaging in speech that is lewd or indecent, vulgar or plainly offensive; dressing, grooming, or engaging in speech that school officials reasonably conclude will materially and substantially disrupt the work and discipline of the school; dressing, grooming, or engaging in speech that a reasonable observer would interpret as advocating illegal drug use.
16. Willfully violating the behavioral expectations for riding school buses or vehicles.
17. A student who engages in the following conduct shall be expelled for the remainder of the school year in which it took effect if the misconduct occurs during the first semester, and if the expulsion for such conduct takes place during the second semester, the expulsion shall remain in effect for the first semester of the following school year, with the condition that such action may be modified or terminated by the school district during the expulsion period on such terms as the administration may establish:
 - a. The knowing and intentional use of force in causing or attempting to cause personal injury to a school employee, school volunteer, or student, except if caused by accident, self-defense, or on the reasonable belief that the force used was necessary to protect some other person and the extent of force used was reasonably believed to be necessary, or
 - b. The knowing and intentional possession, use, or transmission of a dangerous weapon other than a firearm.
18. Knowingly and intentionally possessing, using, or transmitting a firearm on school grounds, in a school-owned or utilized vehicle, or during an educational function or event off school grounds, or at a school-sponsored activity or athletic event. This conduct shall result in expulsion for one calendar year. "Firearm" means a firearm as defined in 18 U.S.C. 921, as that statute existed on January 1, 1995. That statute includes the following statement: "The term 'firearm' means (a) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (b) the frame or receiver of any such weapon; (c) any firearm muffler or firearm silencer; or (d) any destructive device." The Superintendent may modify such a one-year expulsion requirement on a case-by-case basis, provided that such modification is in writing.

Bringing a firearm or other dangerous weapon to school for any reason is discouraged; however, a student will not be subject to disciplinary action if the item is brought or possessed under the following conditions:

1. Prior written permission to bring the firearm or other dangerous weapon to school is obtained from the student's teacher, building administrator and parent.
2. The purpose of having the firearm or other dangerous weapon in school is for a legitimate educational function.
3. A plan for its transportation into and from the school, its storage while in the school building, and how it will be displayed must be developed with the prior written approval by the teacher and building administrator. Such a plan shall require that such items will be in the possession of an adult staff member at all times except for such limited time as is necessary to fulfill the educational function.
4. The firearm or other dangerous weapon shall be in an inoperable condition while it is on school grounds.

Additional Student Conduct Expectations and Grounds for Discipline. The following additional student conduct expectations are established. Failure to comply with such rules is grounds for disciplinary action. When such conduct occurs on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee, or at a school-sponsored activity or athletic event, the conduct is grounds for long-term suspension, expulsion or mandatory reassignment.

Student Appearance: Students are expected to dress in a way that is appropriate for the school setting. Students should not dress in a manner that is dangerous to the health and safety of anyone or interferes with the learning environment or teaching process in our school. Following is a list of examples of attire that will not be considered appropriate, such list is not exclusive and other forms of attire deemed inappropriate by the administration may be deemed inappropriate for the school setting:

1. Clothing that shows inappropriate amount of bare skin or underwear (midriffs, spaghetti straps, sagging pants) or clothing that is too tight, revealing or baggy, or tops and bottoms that do not overlap or any material that is sheer or lightweight enough to be seen through, or otherwise of an appropriate size and fit so as to be revealing or drag on the ground.
2. Clothing, headwear or insignia that interferes or disrupts school purpose.
3. Clothing or jewelry that advertises or promotes beer, alcohol, tobacco, or illegal drugs.
4. Clothing or jewelry that could be used as a weapon (chains, spiked apparel) or that would encourage "horse-play" or that would damage property (e.g. cleats).

Consideration will be made for students who wear special clothing as required by religious beliefs, disability, or to convey a particularized message protected by law. The final decision regarding attire and grooming will be made by the Principal or Superintendent. In the event a student is uncertain as to whether a particular item or method of grooming is consistent with the school's guidelines, the student should contact the Principal for approval, and may also review such additional posting of prohibited items or grooming which may be available in the Principal's office.

Coaches, sponsors or teachers may have additional requirements for students who are in special lab classes, students who are participants in performing groups, or students who are representing the school as part of an extracurricular activity program.

On a first offense of the dress code, the student may call home for proper apparel. If clothes cannot be brought to school, the student will be assigned to in-school suspension for the remainder of the day. Students will not be allowed to leave campus to change clothes. Continual violations of the dress code will result in more stringent disciplinary actions, up to expulsion. Further, in the event the dress code violation is determined to also violate other student conduct rules (e.g., public indecency, insubordination, expression of profanity, and the like), a first offense of the dress code may result in more stringent discipline, up to expulsion.

Coaches, sponsors or teachers may have additional requirements for students who are in special lab classes, students who are participants in performing groups, or students who are representing the school as part of an extracurricular activity program.

Harassment and Bullying Policy: It is the policy of Brady Public School that "bullying" type behavior is not to be permitted. These guidelines are established to respond specifically to bullying behavior. Students and parents/legal guardians are advised that

other response measures are also in place and set forth in Article 10 of this handbook for behavior which is discriminatory or harassing on unlawful grounds (e.g., sexual harassment, harassment of students with disabilities, race harassment, etc.).

1. Step One: The first time that school authorities become aware of a possible harassment or bullying situation, the accused student will be informed that such a complaint has been filed. At that time a warning will be given regarding this kind of behavior. The consequences for future behavior of this type will be clearly outlined to the student. If in the administrator's opinion, the first occurrence of harassment behavior is severe, the school may move immediately to any of the subsequent four steps in the harassment policy. In other words, the policy may or may not be used sequentially. Moreover, at any stage, an incidence of bullying may result in discipline under the student code of conduct, up to, and including, expulsion.
2. Step Two: The second time that school authorities become aware of a harassment incident, the student's parents/legal guardian will be notified. A conference will be requested at that time. If it is determined that the student has harassed another student, consequences will be assigned. A student may stay on the second step as long as school authorities feel the consequences are effectively correcting the harassment behaviors. If it is determined that there is no basis for the harassment accusation, no consequences will be assigned. If the administration determines that a student is intentionally making a false accusation against another student, an appropriate disciplinary response may be taken against the false accuser.
3. Step Three: If the school authorities determine that the student continues to harass another student or the student fails to agree to not harass in the future, the school may assign the student to the Harassment Program level set forth below which the school authorities determine to be appropriate.
4. Step Four: If a student fails to respond positively to the corrective measures of the first four steps of the Harassment Program, the student will be suspended from school for a minimum of five school days, up to and including expulsion. School authorities will determine the action necessary to ensure a safe learning environment for all students.

It shall be the duty of the hearing officer to remain impartial throughout all deliberations. However, the Superintendent may not impose a more severe sanction than that imposed by the hearing officer.
11. **Notice of Determination.** Written notice of the findings and recommendations of the hearing officer and the determination of the Superintendent of Schools shall be made by certified registered mail or by personal delivery to the student, the student's parents/legal guardian. Such hearing shall be made on the record except that the board may admit new or additional evidence to avoid the substantial threat of unfairness. Such new evidence shall be recorded. The Board of Education or committee thereof may withdraw to deliberate privately upon the record and new evidence. Any such deliberation shall be held in the presence only of board members in attendance at the appeal proceeding, but may be held in the presence of legal counsel who has not previously acted as the administrative representative in presenting the school's case before the hearing officer. If any questions arise during such deliberations which require additional evidence, the Board of Education or committee thereof

may require the hearing to receive such evidence, subject to the right of all parties to be present. A record of any such new or additional evidence shall be made and shall be considered as a part of the record and based upon the evidence presented at the hearing before the hearing officer, and such new or additional evidence, the Board of Education or the committee shall make a final disposition of the matter. The board may alter the Superintendent's disposition of the case if it finds his/her decision to be too severe, but it may not impose a more severe sanction. A designated method of giving notice by the Board of Education or committee thereof, if required, for any Board review shall be by posting on the schoolhouse door.

14. **Final Decision of Board of Education.** The final decision of the board shall be delivered to the student and parents or legal guardian of the student by personally delivering the same or by mailing the same.

Complaint Procedures

Parents and students are required to follow the chain of command if a problem arises. They are required to go to the teacher or staff member directly involved. If satisfaction is not achieved at that level, they are to proceed through the activities director (if an activity is involved) or principal, then the superintendent, and lastly the Board of Education. All students and parents will be required to follow this chain of command. If complaints are brought up to an administrator, activities director, or school board member, they will not be heard until the proper chain of command has been followed.

The proper procedure for a parent or student to follow when raising concerns or making complaints about school staff, school programs, school activities, or to challenge a disciplinary action of the school is set forth below. Other procedures exist to address discrimination, harassment, and bullying.

2. Conditions Applicable to All Levels of Complaint Procedure:
 - a. All information to be considered at each appeal step should be placed in writing in order to be most effective. Appeal decisions shall be expedited as quickly as possible. A decision at any level should be rendered within ten (10) calendar days unless a legal hearing is requested or required.
3. Complaint Form:
 - a. Patrons wishing to file a formal complaint may obtain a copy of the official 'complaint form' at the main school office anytime during regular school hours.
